

DARIN RANKER ARCHITECTS
+ INTERIOR DESIGNERS

**EXCEPTIONAL DESIGN.
APPROACHABLE ARCHITECTS.
DARIN RANKER.**

We believe exceptional architecture happens when clients are given a strong voice.

With passion and vision, we collaborate with our customers to create functional, intriguing spaces. We enjoy problem solving. We strive to transform environments and enrich lives. We love what we do, and have fun while we do it. We know you will too.

At Darin Ranker, we believe things should be built solidly, with function and aesthetics in mind. Our team is a group of inspired architects, interior designers and creatives. We are serious about architectural design and planning, but we are not uptight. We believe being exceptional designers and friendly, approachable people are not mutually exclusive.

What We Do & Why We Do It

The reason we walk into work each day is to bring function to our clients' lives. We listen to their needs—through dedication and expertise we craft solutions. By providing inspired architectural designs alongside honest and sincere relationships, we have maintained a large list of longstanding, happy clients. Sincere relationships + reliably solid architecture = longstanding, satisfied clients. That's our business model.

Just Do It Right

A quality, finished product helps your business, and ours. We create environments that are around for a long time, for a large number of people to experience. Every job is our legacy. We don't take that lightly. We incorporate evolving technology, rigorous management, and quality control systems in our commitment to leave a trail of high-quality architecture.

DESIGN SERVICES

We believe that high quality design can be affordable. Our designers strive to develop creative cost-effective solutions to budget challenges. Our projects range in size from \$50,000 to \$10 million.

OUR LEADERS

Darin Ranker | Architect/Principal

Darin has over 30 years of experience in the field of commercial architectural design and construction specializing in interior corporate renovation and new build construction. His vast knowledge and experience working with a multitude of top commercial real estate brokers, commercial property managers, building owners, developers and general contractors has made him an expert in his field.

Beth Rihl | Senior Project Manager/Interior Designer

With over 20 years of experience in the architectural field, Beth has designed and renovated numerous building lobbies and tenant spaces throughout the Columbus area. She specializes in interior tenant improvements as well as healthcare and industrial warehouse planning. Beth coordinates with building owners, commercial property managers, brokers, tenants, engineers, and contractors throughout project design development and construction.

Christopher Jolley | Architect/Project Manager

Chris graduated from the University of Cincinnati with a Master of Architecture in 2010, and has since thrived as an architect and DRA project manager. Working on a wide variety of projects, including office, retail, telecommunications, warehouse, restaurants, and more, Chris works alongside Darin and Beth throughout each project phase.

OUR PORTFOLIO

Our team works on a variety of projects throughout the city of Columbus, from full-service building renovations to feasibility studies and small business space plans and finish selections. Each project holds a story of its own.

Below is a sampling of some of our most prominent recent projects:

New Build & Building Renovation

800 VILLAGE
Plain City Municipal Building: A 13,000 square foot new build designed to house the village's administrative and police departments. Our team led the project from beginning to end.

16-20 E BROAD
The Hayden: Historic preservation project utilizing existing historic materials with all new mechanical and electrical systems. Features rooftop patio and premier, Class A office and retail space.

153 SUNBURY
Pet Med: New veterinary office designed from the inside-out with a modern farmhouse vibe, exposed beams and an outdoor awning at the entrance to improve the client experience.

Commercial Office Tenant & Lobby Improvement

THREE EASTON
Three Easton Oval: Prominent commercial office building boasting unique back-lit wall features, contemporary pendant-style lighting, a mix of updated flooring and ceiling finishes, as well as new seating areas.

9200 WORTHINGTON
9200 Worthington Road: A 15,000 square foot office renovation project. The existing space was renovated using new modern materials and interior design features to create the contemporary look the client was looking for.

2000 POLARIS
2000 Polaris Parkway: Complete lobby renovation including a tenant lounge area, exposed stairway, and a fun modern wall tile design with two-toned painted walls.

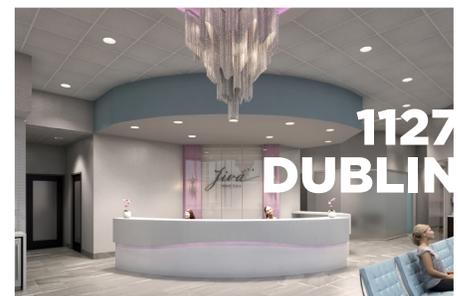

Retail, Restaurant, & Medical

5515 BRADENTON
Columbus Ophthalmology: Medical office renovation with updated branding. The existing floor plan was redesigned to improve work flow and circulation, featuring additional seating areas and merchandise display areas.

6649 DUBLIN
Throw Nation: Entertainment and restaurant establishment including axe throwing lanes, lounge, and bar space. The design boasts a rustic, outdoorsy feel with natural materials.

1127 DUBLIN
Jiva Med Spa: The existing building facade was completely redone for an updated contemporary look. The floorplan includes office/medical office space, training rooms, and a spa center.

TESTIMONIALS

sampling of CLIENTS SERVED

- *"I feel like I have requested your help more in the past couple of weeks than I have all year... Yet, **you always come through as if i'm the only one who needs your help.**"*
- *"I think of your team throughout the day as I am enjoying the results of the careful planning of the efficient workflow. We receive compliments daily on the finishes and color selections of our space. **We are thrilled with the finished product.**"*
- *"Your team deserves special kudos for your design selections. **They stand out.**"*
- *"To this day I have never found an easier team to work with. You're responsive, personable, and professional. The process was made a million times easier because I could tell you **truly cared.**"*

FEATURED SERVICE

3D Visualization

In the continuously evolving field of architecture and interior design, renderings and architectural visualizations have become an essential tool in communicating project ideas. Our team offers 3D visualization tools to show the most realistic depictions of an idea, allowing stakeholders to better interact with design decisions from small, single-tenant office projects to large-scale proposed commercial retail developments.
